To the Marianist Family of North America,

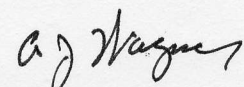

With this letter the North American Family of Mary Council (MFCNA) wishes to convey our wholehearted support for the emphasis of the Marianist Social Justice Collaboration (MSJC) on helping us, as a Marianist Family, come to a better understanding of the processes of Immigration and Migration and to reflect together what actions we might be part of locally, nationally and globally to create a more just and compassionate world.

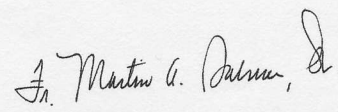

We endorse the "MSJC Immigration Statement" and welcome the dialogue that will happen in the various communities as a result of it. In conjunction with that we were very pleased with the Border Immersion program that is being offered to help increase direct knowledge and lived experience within our Marianist family. This will be an important resource as the dialogue on immigration grows.

Thank you for the great work on these initiatives.

Sincerely,

Gretchen Trautman, FMI
